NOVEMBER HEALTH EDUCATION AND WELLNESS PROGRAM—HIV/AIDS INFORMATION MONTH: HIV/AIDS remains a critical and devastating epidemic. It is the second leading cause of death among adults ages 25-44. At this time we have no vaccine and AIDS cannot be cured. It can, however, be prevented. Education, knowledge and safe behaviors are the keys to prevention. A packet of the latest information and statistics will be available at all medical facilities in November, or upon request to Carol Roth, 867-3414, mailcode CHS-005, email **Roth-1, Carol**. (JJ-C)

OCTOBER HEALTH EDUCATION AND WELLNESS PROGRAM—SLEEP HEALTH: We spend one-third of our lives sleeping and feel lousy when we don't get enough rest. Most people take sleep for granted and pay little attention to it unless sleep problems arise. October's packet will look at what sleep is and its different stages. Circadian rhythms, dreams, naps, sleep requirements, effects on the body and mind and sleep disorders are presented. Recommendations for ideal sleep are included. Packets are available at all medical facilities in October and upon request to Carol Roth, 867-3414, CHS-005, email **Roth-1 Carol**. (JJ-C)

COLORECTAL CANCER SCREENING, with Hemoccult slide kits, is available at all medical facilities during hours of operation. (JJ-C)

BLOOD PRESSURE SCREENING: Available at all medical facilities during hours of operation. (JJ-C)

NUTRITION TIP OF THE WEEK—FROM THE KSC FITNESS CENTERS: Brown bag lunches getting old? Why not put some spring into your kids' meals? Instead of the same bread everyday try sandwiches on bagels—mini or regular—pitas, or other types of bread. Vary the filling from lean meat to peanut butter or even tuna or chicken salad, just remember to pack with food safety in mind. If refrigeration is a problem, pack frozen sandwiches or stick with peanut butter. Cut sweet fruits into fun shapes or make a fruit kabob. Another treat could be a frozen low-fat yogurt used as an ice pack and a nutritious dessert. Active kids usually can afford the calories in snacks, so try low-fat cereal bars, puddings, granola bars, and cookies, or even an occasional mini candy bar. Just remember to pack what your kids will eat in the time their lunch period allows. (JJ-C)

KSC FITNESS CENTERS—FREE PERSONAL TRAINING: Did you know that the KSC Fitness Centers offer FREE personal training? We can help you with motivation, strength training, cardiovascular training, flexibility, fat loss, weight gain, nutritional counseling and much more! Call the O&C facility at 867-7829, or the OSB at 861-3028, for information about how to become a member, and to schedule an appointment. (JJ-C)

KSC FITNESS CENTERS—LUNCH AND LEARN: "Stinkin' Thinkin' and Stress" presented by HealthSouth Sea Pines Rehabilitation Hospital on November 4, from 12:30 p.m. to 1:00 p.m., in the O&C aerobics studio. Bring you lunch and learn effective tools to manage stress at home, at work, and in your everyday life. Call 867-7829 to sign up. (JJ-C)

KSC FITNESS CENTERS—NUTRITION COUNSELING: Did you know that the KSC Fitness Centers offer FREE nutrition counseling? To schedule an appointment with the Nutritionist, please call Cathy Chmelir at 867-7829. (JJ-C)

INFLUENZA IMMUNIZATIONS: The influenza season in Florida will be here in the next few months. You can be protected from the most likely causes of epidemic flu by being vaccinated. The 1999-2000 schedule at the KSC/CCAS clinics begins September 20, 1999, as follows:

NPG 7120.5A PR CERTIFICATION: Effective March 26, 1999, NASA policy requires all Procurement Requests (PR's) to be accompanied by a certification stating either that the purchase request action "**is**" or "**is not**" in support of the programs and projects subject to the requirements of NASA Procedures and Guidelines (NPG) 7120.5A, NASA Program and Project Management Processes and Requirement. If the action is in support of a program or project that is subject to the NPG, the certification must then indicate whether: a) all NPG 7120.5A documentation is current and approved, or b) authority to release the solicitation without the required documentation has been granted. An acceptable certification format is located immediately under the internal KSC OP Procurement Home Page header at: **<http://www-op.ksc.nasa.gov/procurement/op.htm>**. PR's not accompanied by the required certification will not be processed in the Procurement Office until such certification is received. (OP-AMO)

NASA/JBOSC OUTBOUND SHIPMENTS: To help ensure that all users of the JBOSC Shipping Department have their requirements met, the following procedure must be adhered to: Shipments processed through the JBOSC Shipping Department are for official government business only. Personal shipments are not authorized. All shipments must be accompanied by a properly completed shipping request document (KSC Form 7-248 or DD-1149). Carrier freight bills without the proper KSC forms will not be accepted. Shipments involving hazardous materials must have a Material Safety Data Sheet (MSDS) or other technical data sheet. Small priority/overnight shipments, including letters, must be received in the JBOSC Shipping Department no later than 2 p.m. or they will be processed on the following workday. Large priority shipments and/or shipments requiring extensive packaging must be received at least 48 hours prior to the required date at destination. Government property tagged items need to be routed through the proper Property Control Office before requesting the shipment and/or, if required, accompanied by a copy of a property custodian's approved KSC Form 1602. If you have any questions or require further information, call the JBOSC Shipping Section at 867-3501 or 867-7998. (LO-SOD-1)

KSC LOCATOR: Personnel at KSC are reminded, when submitting KSC Form 13-58 (Employee Locator Information) to KSC-Locator, to verify all information including the telephone directory information block. Monthly updates to the Locator printouts should be complete. This includes the "Telephone Directory" column. The letter "T" in this column indicates that the name appears in the telephone directory. Home phone numbers will not be printed in the telephone directory unless a signed Form 13-58 is submitted. (FF-S2-A)

PRIVACY ACT NOTICE: When Privacy Act Information (Social Security Numbers, etc.) is created, place NASA Form 1534, "THE ATTACHED MATERIAL IS SUBJECT TO THE PRIVACY ACT OF 1974, AS AMENDED," over the information. If Privacy Act information is to be sent to another individual or office, a "TO BE OPENED BY ADDRESSEE ONLY" envelope, KSC Form, 13-242 (as revised), must be used. (FF-S2-A)

MAIL SERVICES: Requests for mail services should be submitted through your organizational admin office or contractor mail coordinator. NASA Form 28-170, "Request for Mail Services," should be utilized for additions, deletions, or changes to existing mailcodes. Adjustments to the total number of employees serviced and standard distributions required will contribute to paper conservation. (FF-S2-A)

KSC LOCATOR UPDATES: Mailcodes, locations, and phone numbers have changed significantly due to reorganizations. Please review the monthly NASA/KSC Locator computer printout of personnel assigned to your area and update the information as required. Form 13-58, "Employee Locator Information," has been revised. Please discard revisions prior to January 1996. Form 13-58 is required for all new employees to secure status in the NASA/KSC Locator, the X.500 Personnel Directory, and for home phone number listing. (FF-S2-A)

BUSINESS REPLY LABELS: KSC Form 7-597, "Business Reply Label," is a restricted-use form available to support official mailing requirements of administrative materials back to KSC by employees while on travel status. Please note this form can only be used for mailing materials back to a KSC mailcode as printed in the appropriate space provided. Prudent use of this mailing label is encouraged to avoid unnecessary postage expenses. (FF-S2-A)

MESSENGER ENVELOPES (STANDARD FORMS 65 B & C) USERS: All offices are reminded that excess messenger envelopes should be returned to the Forms Warehouse, through the mail and distribution system, for reissue. The appropriate mailcode to use is "Forms Warehouse." (FF-S2-A)

USE OF FEDERAL PROPERTY: There are statutory and regulatory prohibitions against the use of Federal property, facilities, and equipment for personal purposes. These prohibitions apply to such items as Government vehicles, office supplies, FTS (Federal Telecommunications Systems), Datafax, computers and network capabilities, reproduction equipment, tools, and a variety of utility and other items. This also applies to equipment provided by the Government for contractor use and to items issued to the Government. Employees have a positive duty to protect and conserve such items and other property entrusted to them. (HM-A-3)

RECORDS RETENTION/DISPOSITION: Each office which maintains NASA records, including NASA owned/contractor-held records, will use as many of the categories in NPG 1441.1 (as revised) as necessary to cover the disposition of records in their custody. Destruction and retention periods must conform to the authorized periods. Direct questions on categories, disposition, etc., to your organizational Records Control Officer or call the Records Manager, 867-4540, for information. (FF-S2-A)
